

Engineer Hydrologist

Location: Encinitas, Irvine, Santa Barbara or Auburn

Category: Hydrogeology Services

Dudek – one of California’s leading mid-sized environmental and engineering consulting firms – is growing. Our clients are the public institutions and private businesses that plan, design, construct and manage the communities in which we live. We help our clients provide reliable, efficient, cost-effective and environmentally-compatible infrastructure and associated natural open space.

We have offices throughout California and offer competitive salaries and excellent benefits.

Position Description:

Dudek is seeking professionals interested in quantitative ecohydrology, watershed management and/or geomorphology to conduct studies evaluating runoff, infiltration, surface water-groundwater interaction, and evapo-transpiration from upland and riparian habitats. Position encompasses fieldwork as well as numerical modeling.

Education and Essential Skills:

Relevant Graduate Degree
