

## **Hydrogeologist Engineer**

Location: Encinitas or Irvine

Category: Hydrogeology Services

Dudek – one of California’s leading mid-sized environmental and engineering consulting firms – is growing. Our clients are the public institutions and private businesses that plan, design, construct and manage the communities in which we live. We help our clients provide reliable, efficient, cost-effective and environmentally-compatible infrastructure and associated natural open space.

We have offices throughout California and offer competitive salaries and excellent benefits.

### **Position Description:**

Dudek is seeking an entry level hydrogeologist to work in groundwater supply and contaminant hydrogeology. Project will include fieldwork to include logging boreholes, well construction, sampling wells and conducting aquifer tests. The position also requires evaluating data and numerical modeling of saturated and unsaturated flow.

### **Education and Essential Skills:**

Relevant Graduate Degree including course work in numerical modeling.

To apply for this position, use the online Apply Now form. You may also e-mail your resume and cover letter to [humanresources@dudek.com](mailto:humanresources@dudek.com) attaching Microsoft Word or RTF files. Please reference the position, location and category in the e-mail.
